

## **WILLIE PARKER PEACE**

Willie Parker Peace was a wonderful lady and an exceptional historian.

She was the wife of Samuel Peace of Henderson, North Carolina, with whom she had three children: two daughters and a son.

She was very active in club work, was civic-minded, a good Methodist lay-woman, and a philanthropist.

Mrs. Peace died prior to 1964, but the historical legacy she left behind earned her the honor of having our history book award named in her memory.

**The WILLIE PARKER PEACE HISTORY BOOK AWARD**

Established on December 6, 1958.
